ABOUT ME

I am a QA Specialist at ITSG with experience in software testing, tests managing and tests automation during the day. Hardcore drummer of MORON band at night.

During my almost 9 years experience I was involved in projects from different industries: financial, accounting, healthcare, travel.

I have experience in performing software tests during the software life cycle – analyze, development, implementation, maintenance.

For over 2 years I worked as a Test Leader for the biggest polish healthcare company - Grupa LUX-MED.

I am a Certified Selenium Automation Tester (testerzy.pl, 2011).
